

Field Trip and Group Reservations Solutions

Today's busy teachers and program organizers don't want to wait for an email or callback to find out whether the date and time they want for their field trip or group booking is available. They want to see which field trips and group options are available, make their booking and pay online when it's convenient for them...which could be after-hours or on weekends.

Doubleknot makes it easy to manage online scheduling, booking and optional add-ons for field trips and group reservations. As a result, your staff can focus on creating memorable experiences for your guests instead of juggling the calendar.

Visitors choose the kind of field trip they're interested in, and pick the date of their visit from the availability calendar. Then, they choose the time of their visit and book the reservation.

(please choose up to 2)

Select Program(s)

- Pond Science Challenge
- Awesome Bug Hunt
- Fly, Fly, Fly! [Add \$20.00]

Pond Science Challenge: Students will identify and describe organisms living in ponds. We provide materials including microscopes, supplies (slides, eyedroppers, vials, etc.), and an identification guide.

Awesome Bug Hunt: Students will learn to identify insects, describe their defense mechanisms, and describe the differences between insects from various orders. We provide worksheets and "Bug Bingo" scorecards.

Fly, Fly, Fly! Students will learn basic flight principles (including Bernoulli's principle) and apply them to the way that different insects fly. We will provide ornithopters (which must be returned) and "fly copters" that students may keep!
